

# Creating a better Future for Health in Europe

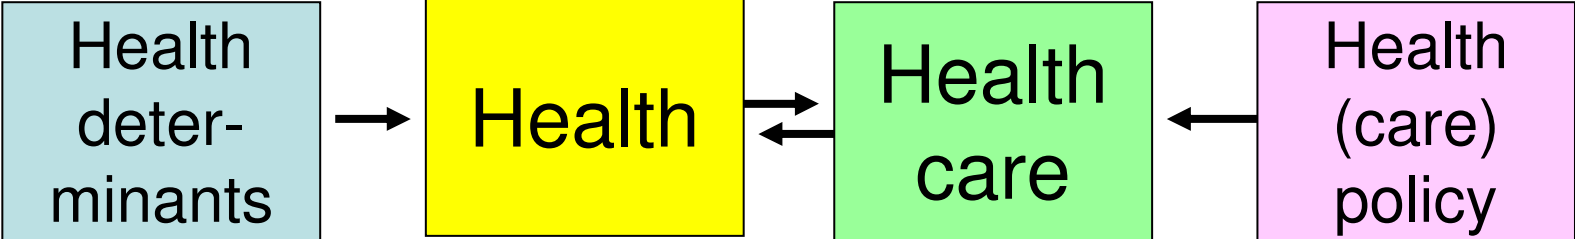

**Reinhard Busse, Prof. Dr. med. MPH FFPH**

Dept. Health Care Management, Technische Universität Berlin  
(WHO Collaborating Centre for Health Systems Research and Management)

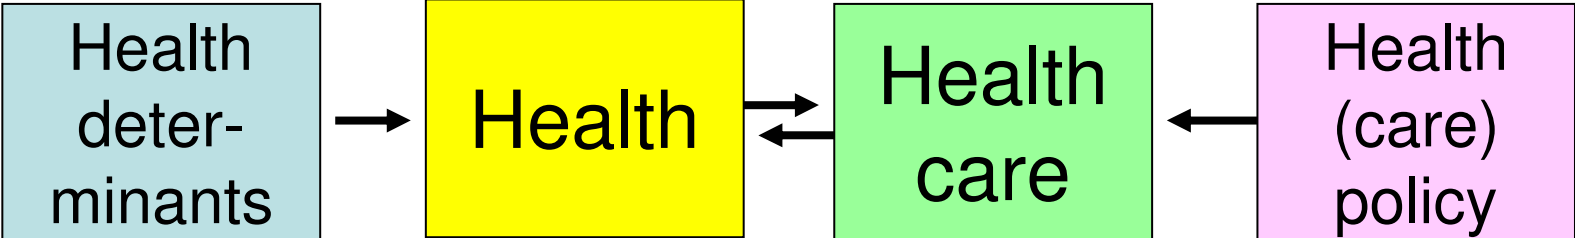

&

European Observatory on Health Systems and Policies

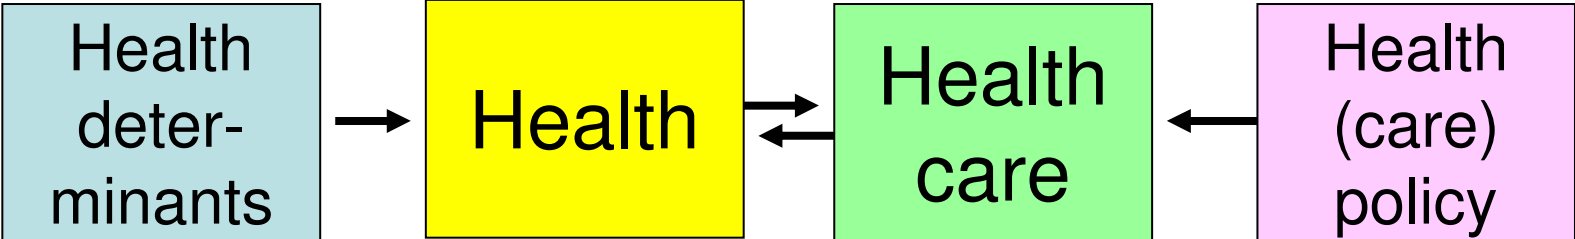

**10 yrs.  
ago**

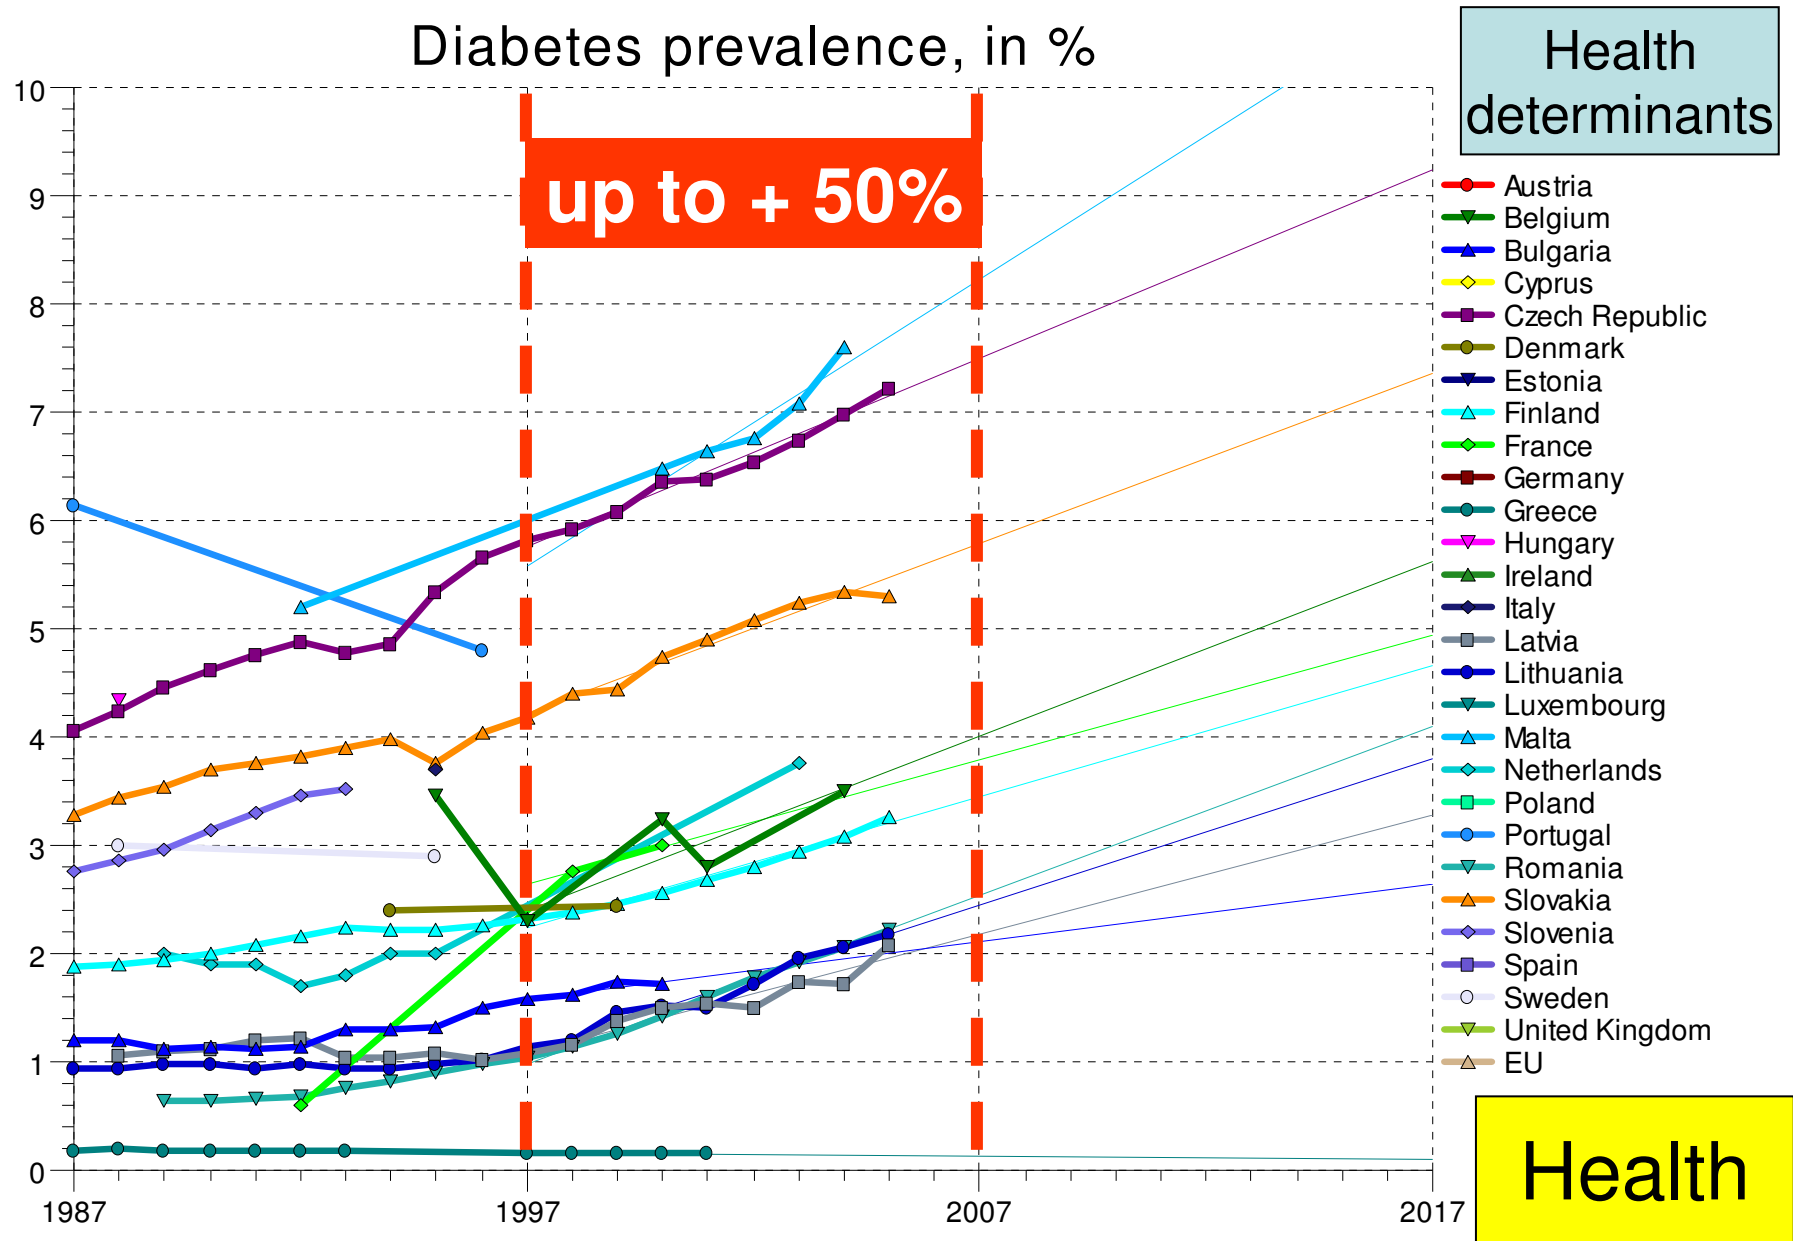

**today**

**2017**

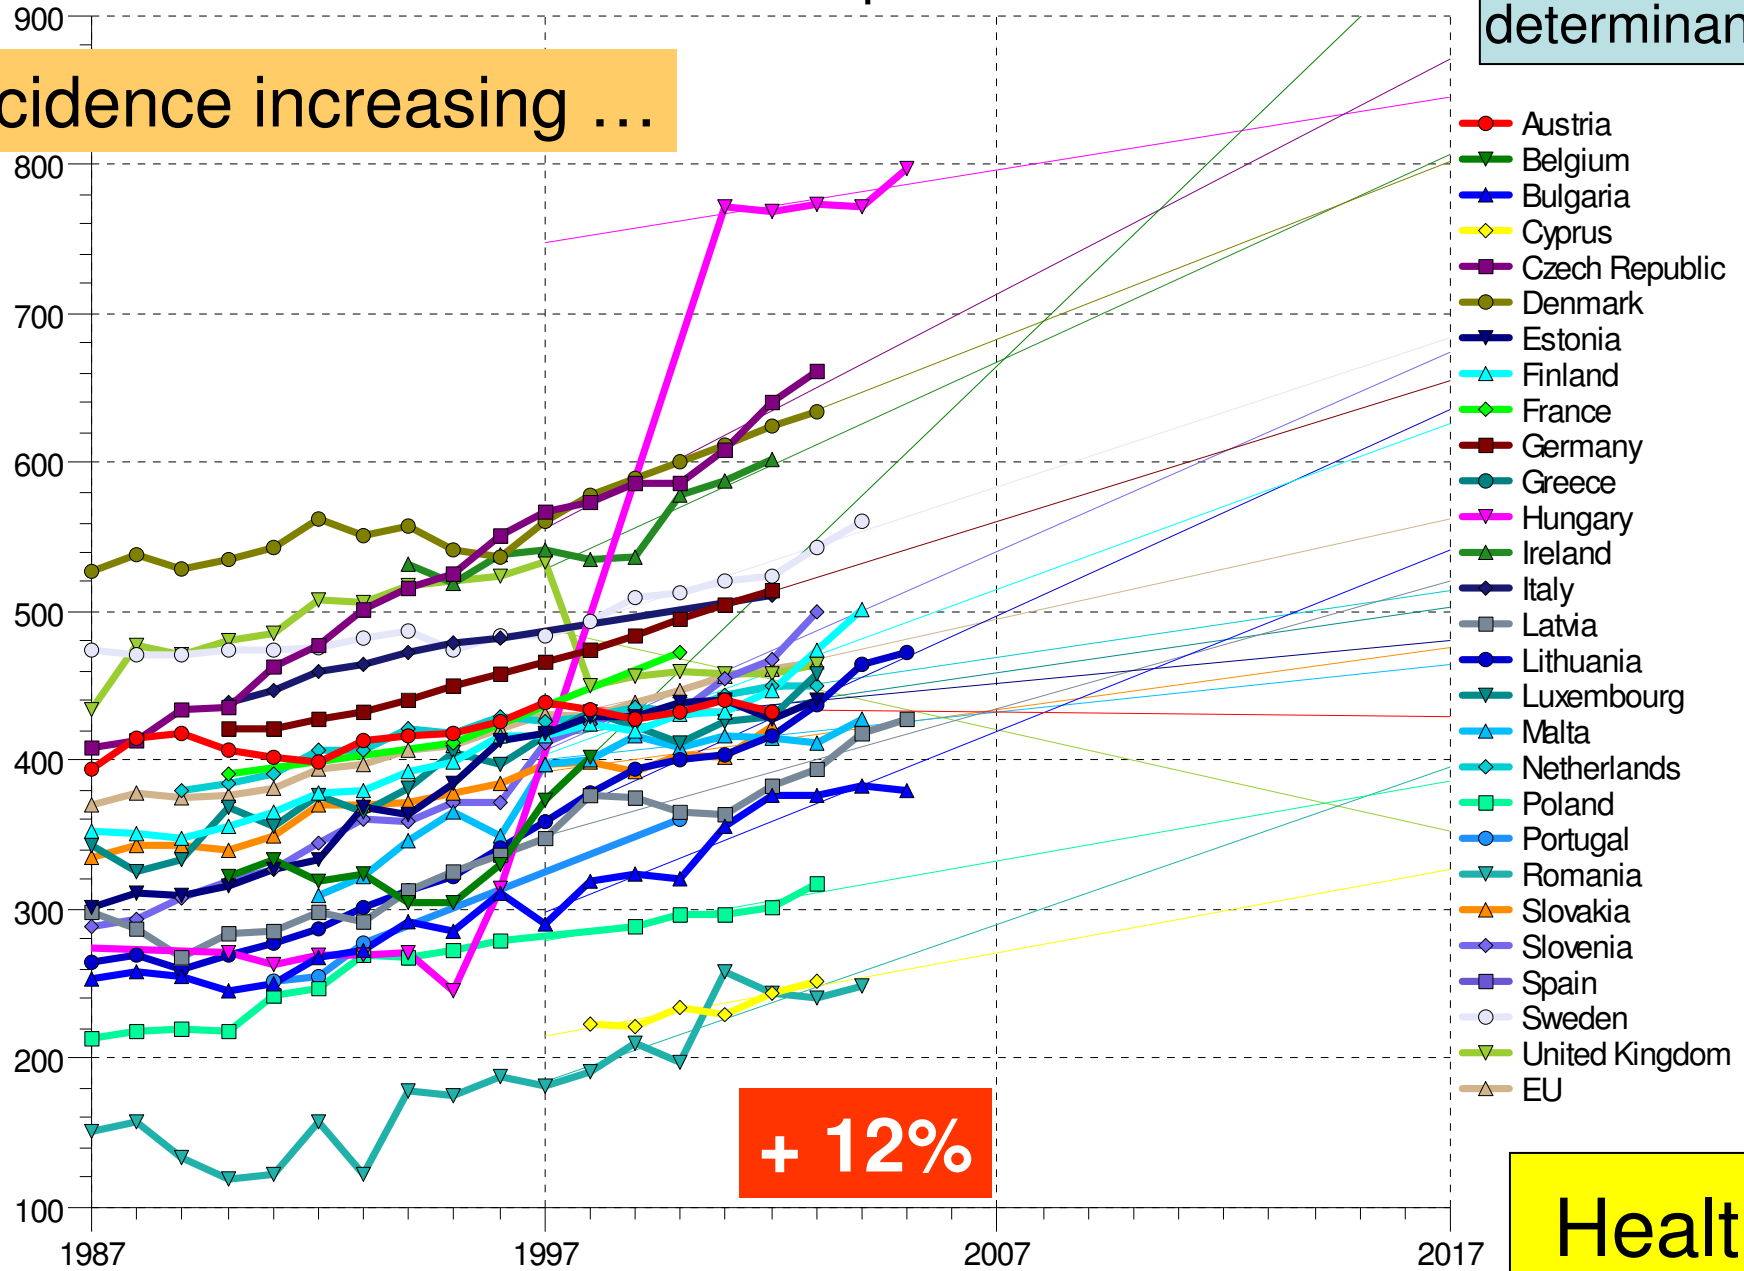

# 10 years: health challenges and successes

# Cancer incidence per 100000

Health determinants

Incidence increasing ...

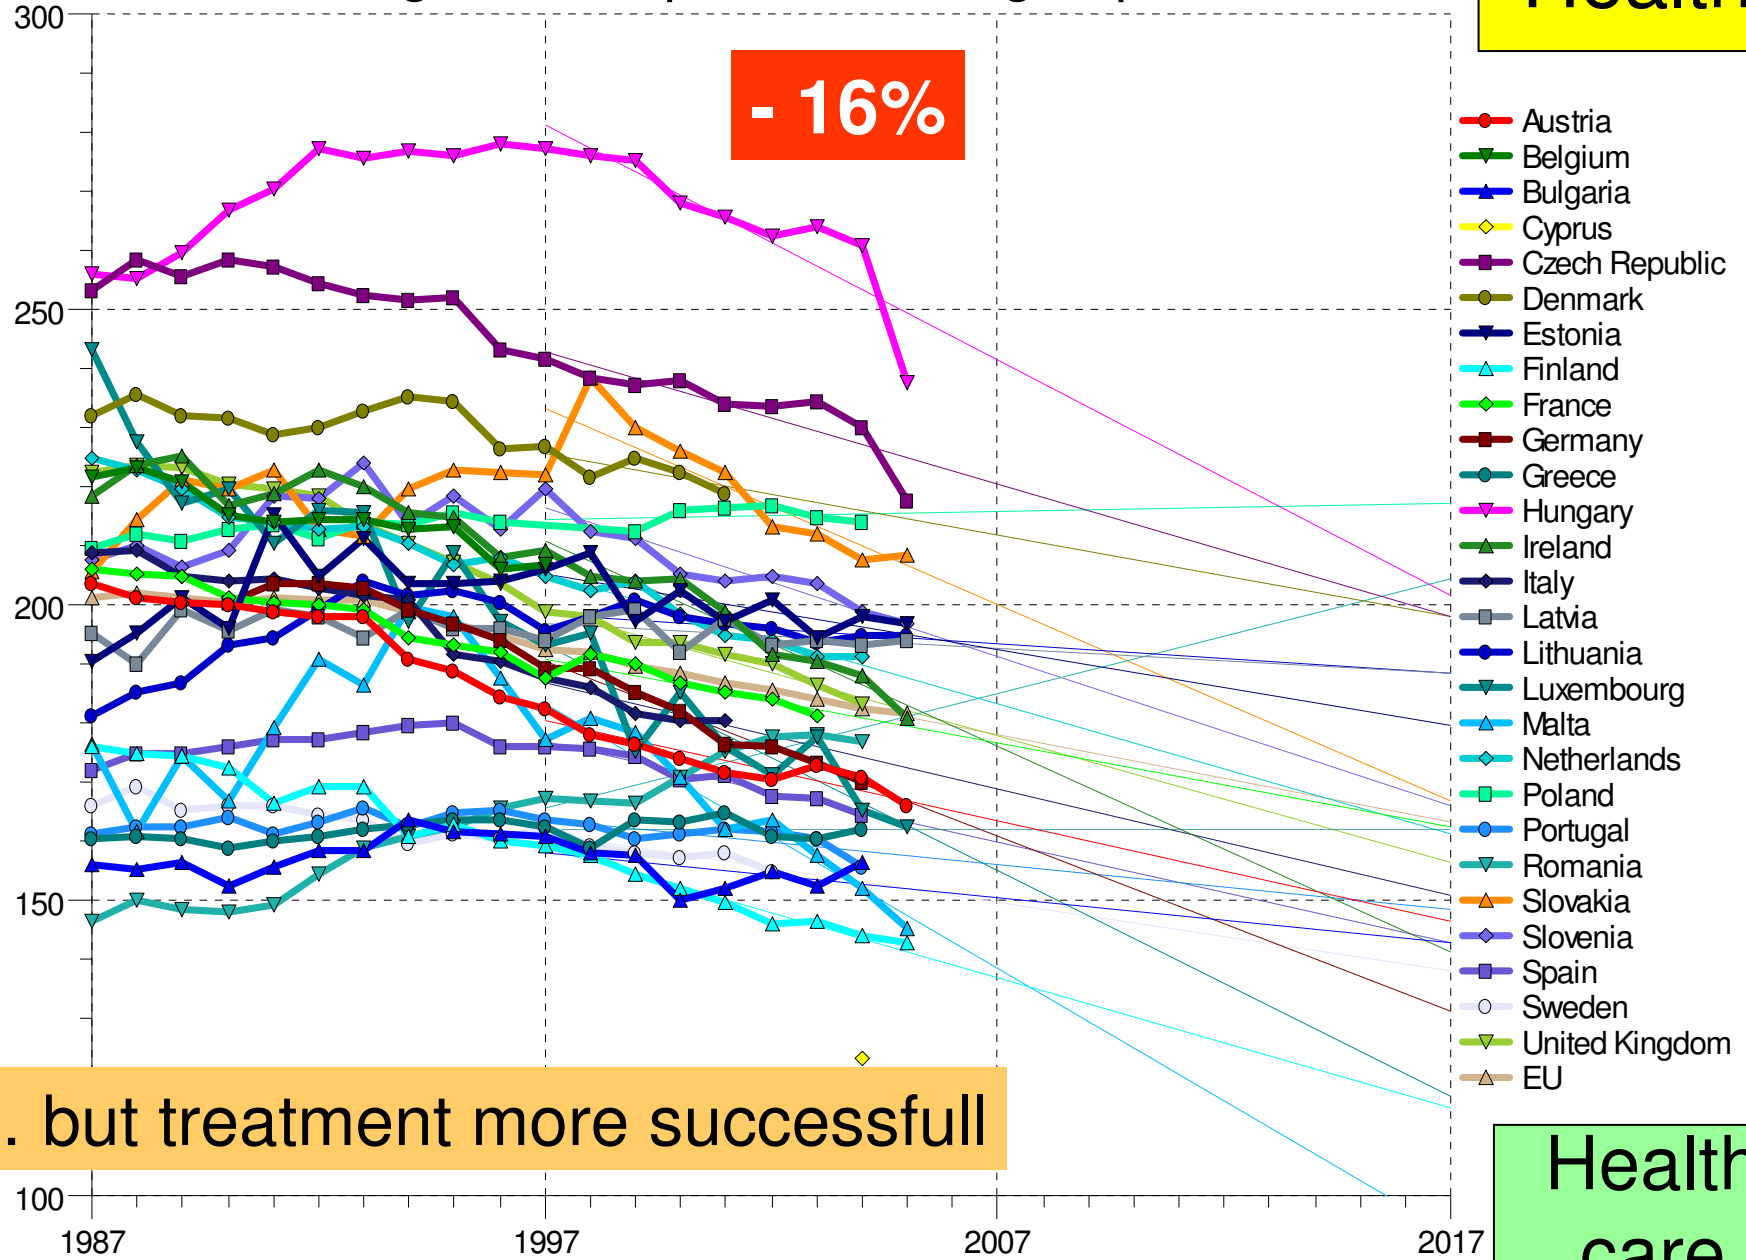

+ 12%

Health

# SDR, malignant neoplasms, all ages per 100000

Health

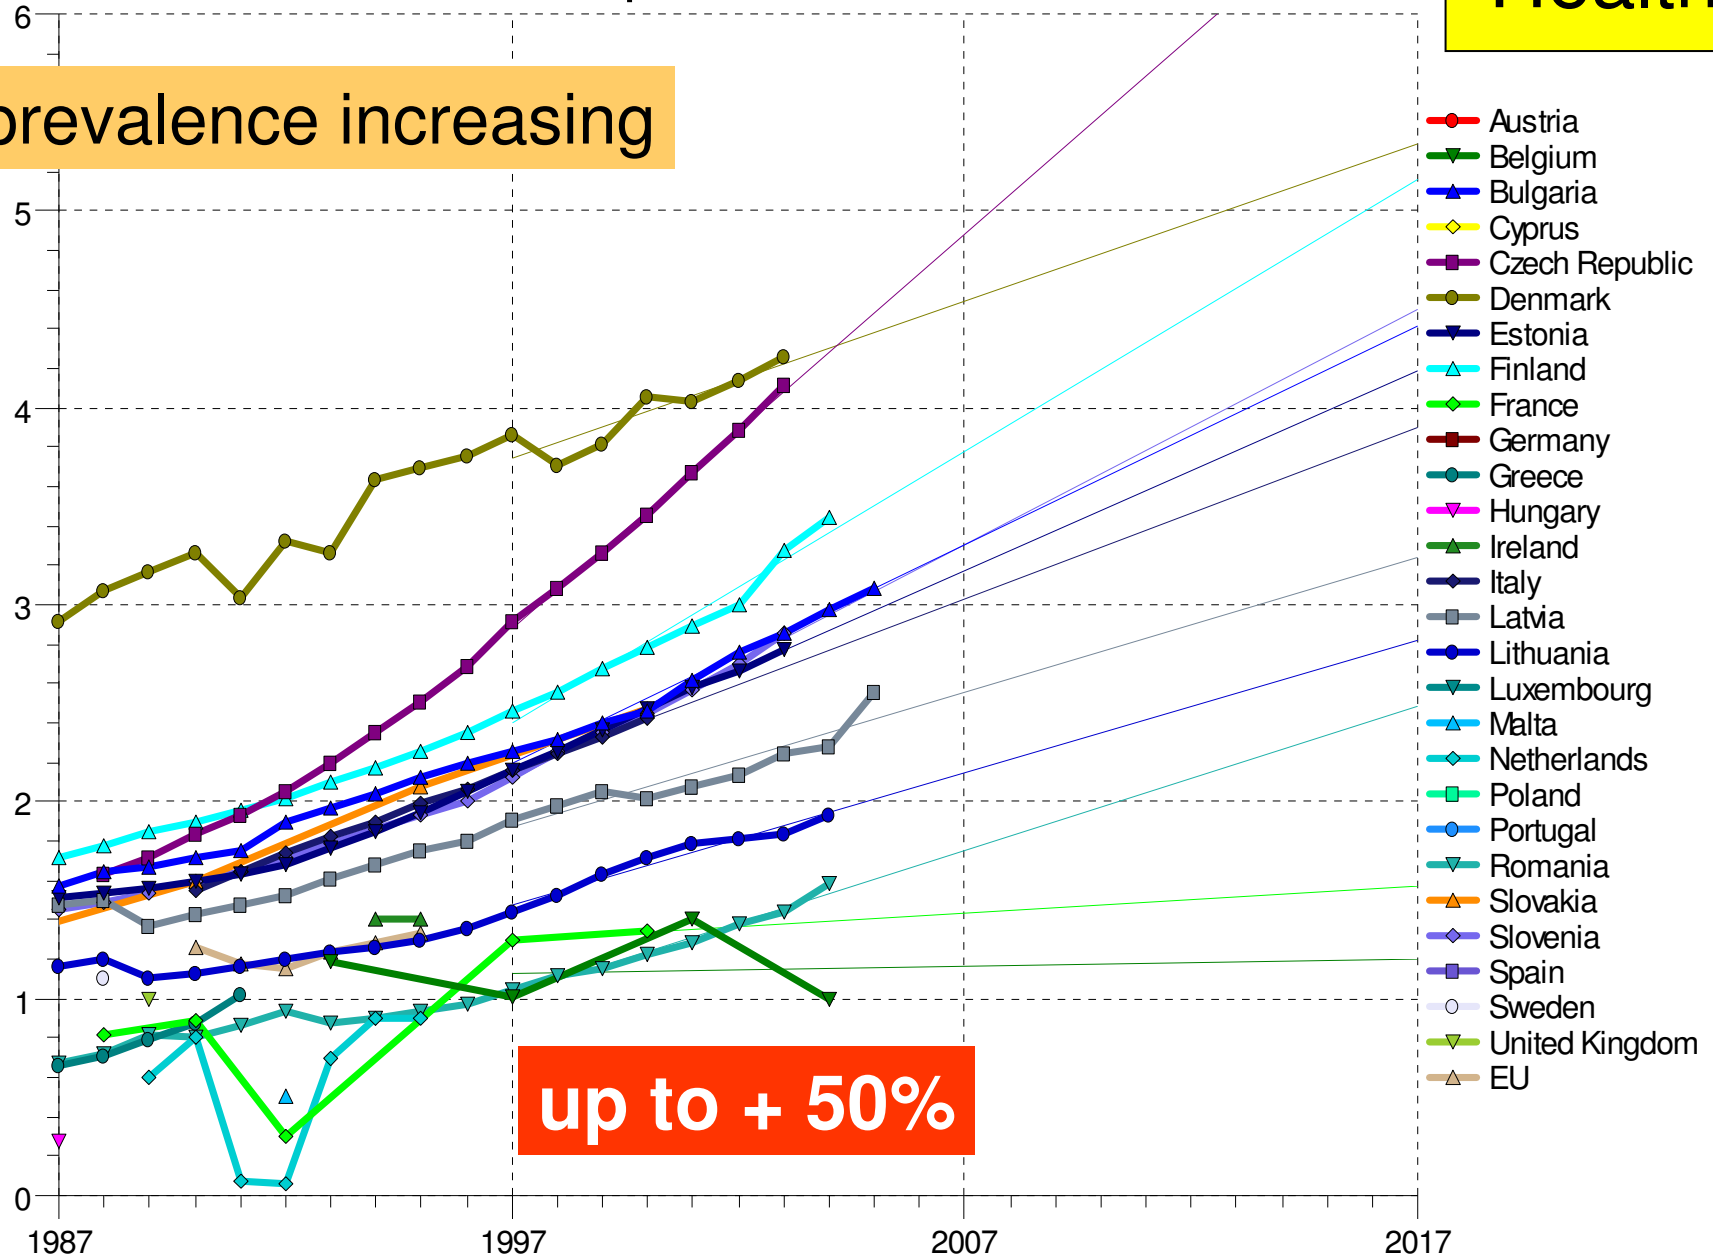

... but treatment more successfull

Health care

# Cancer prevalence, in %

Health

... prevalence increasing

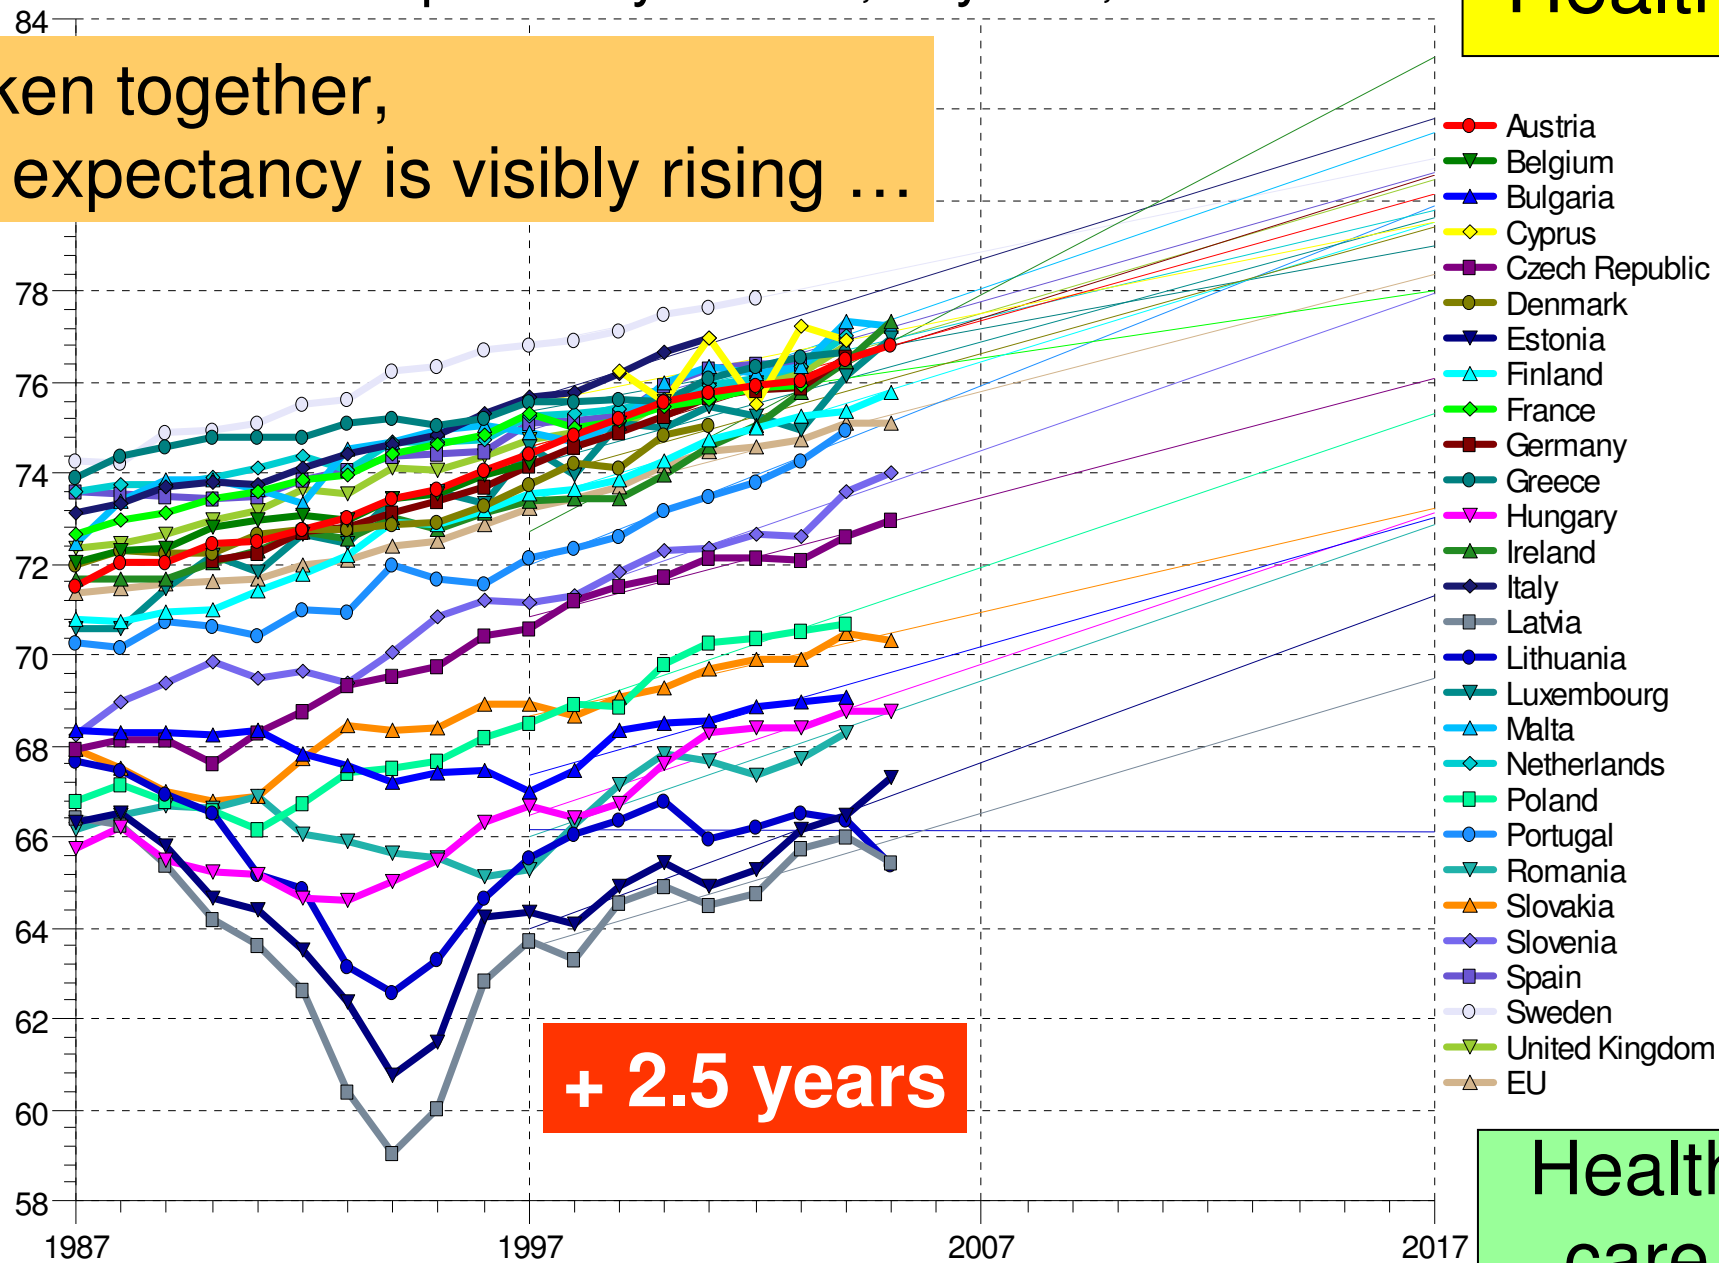

up to + 50%

# Life expectancy at birth, in years, male

Health

Taken together,  
life expectancy is visibly rising ...

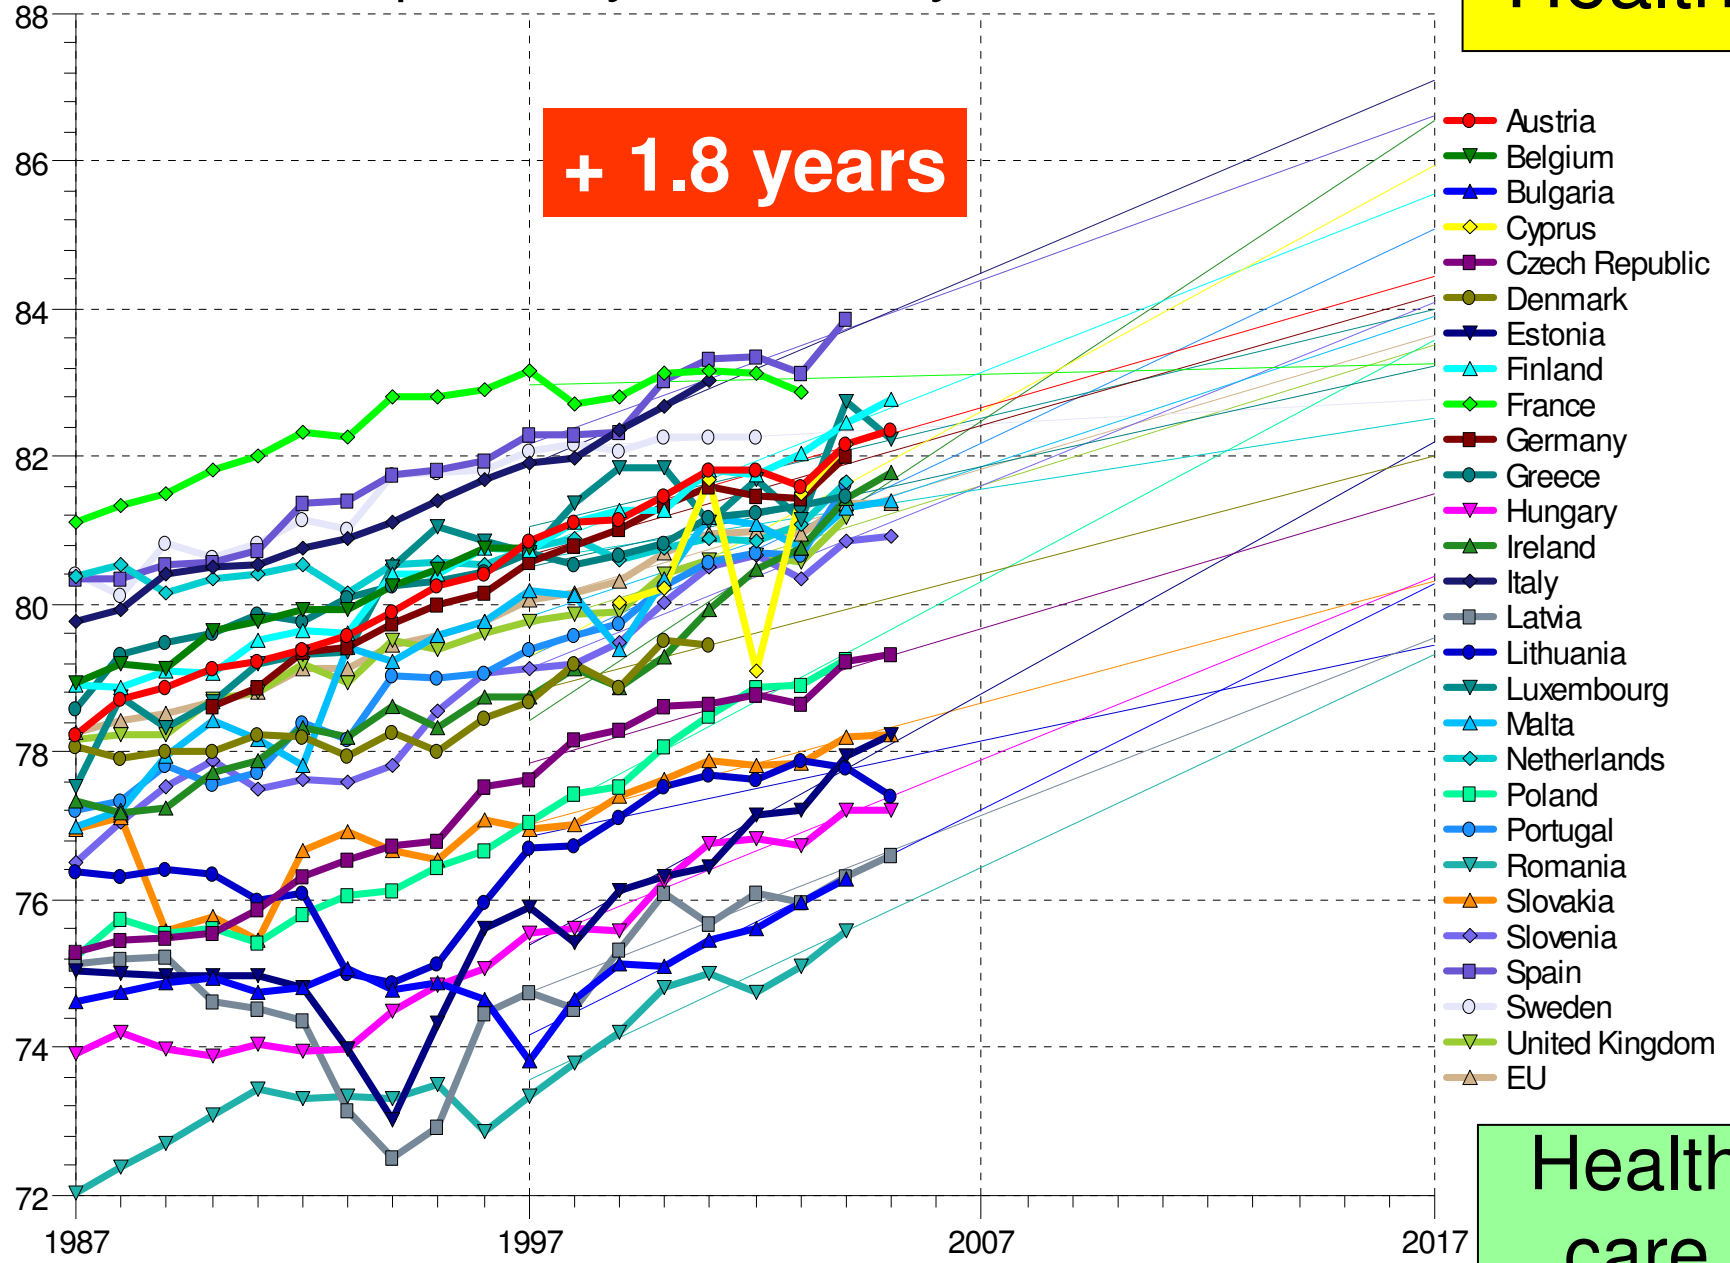

+ 2.5 years

Health  
care

# Life expectancy at birth, in years, female

Health

Health care

Health  
(care)  
policy

1998 - a smaller EU and three rulings that changed our perception of "health care <-> EU"

**Decker (C-120/95)**

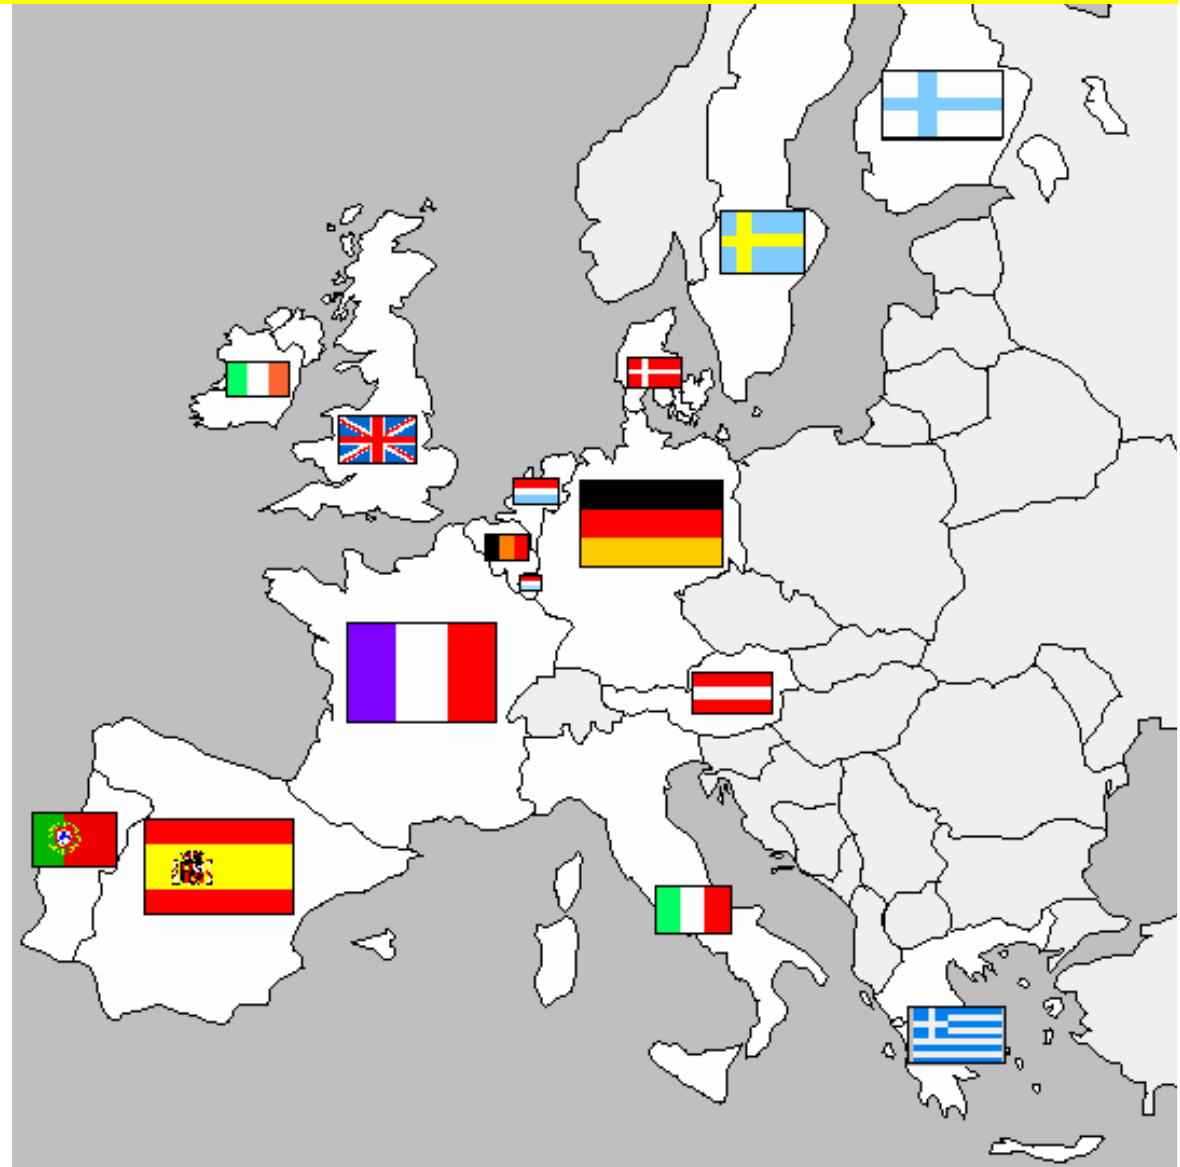

*free movement of  
goods*

**Kohll (C-158/95)**

*free movement of  
services*

**Molenaar (C-160/96)**

*free movement of  
service-equivalent  
cash-benefits;  
definition of what  
belongs to health  
service and what not*

Health  
(care)  
policy

1998 - a smaller EU and three rulings that changed our perception of "health care <-> EU"

**Decker (C-120/95)**

*free movement of  
goods*

**Kohll (C-158/95)**

cash-t  
definit*

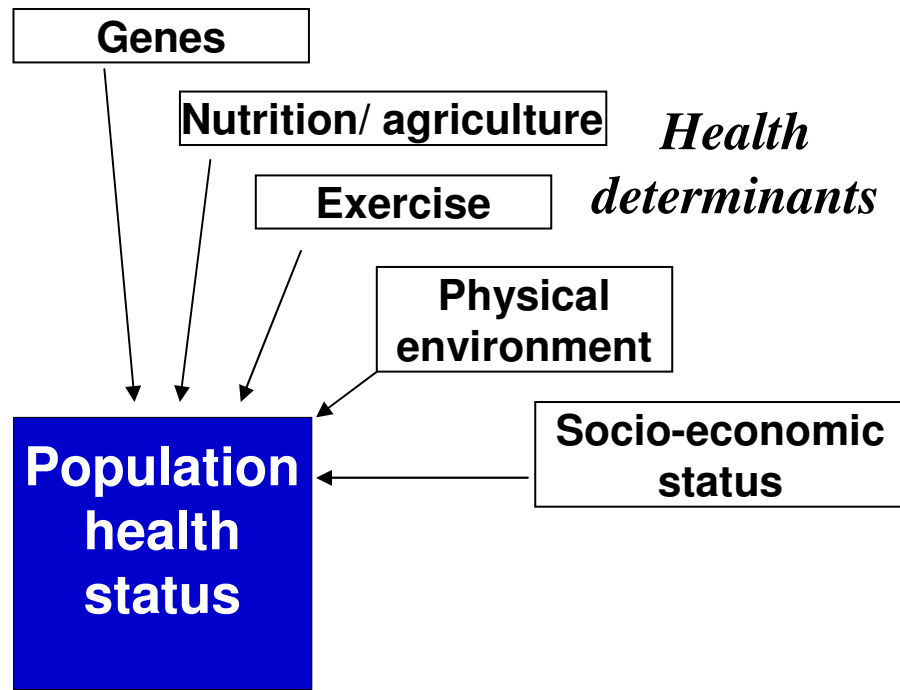

*belong to health  
service and what not*

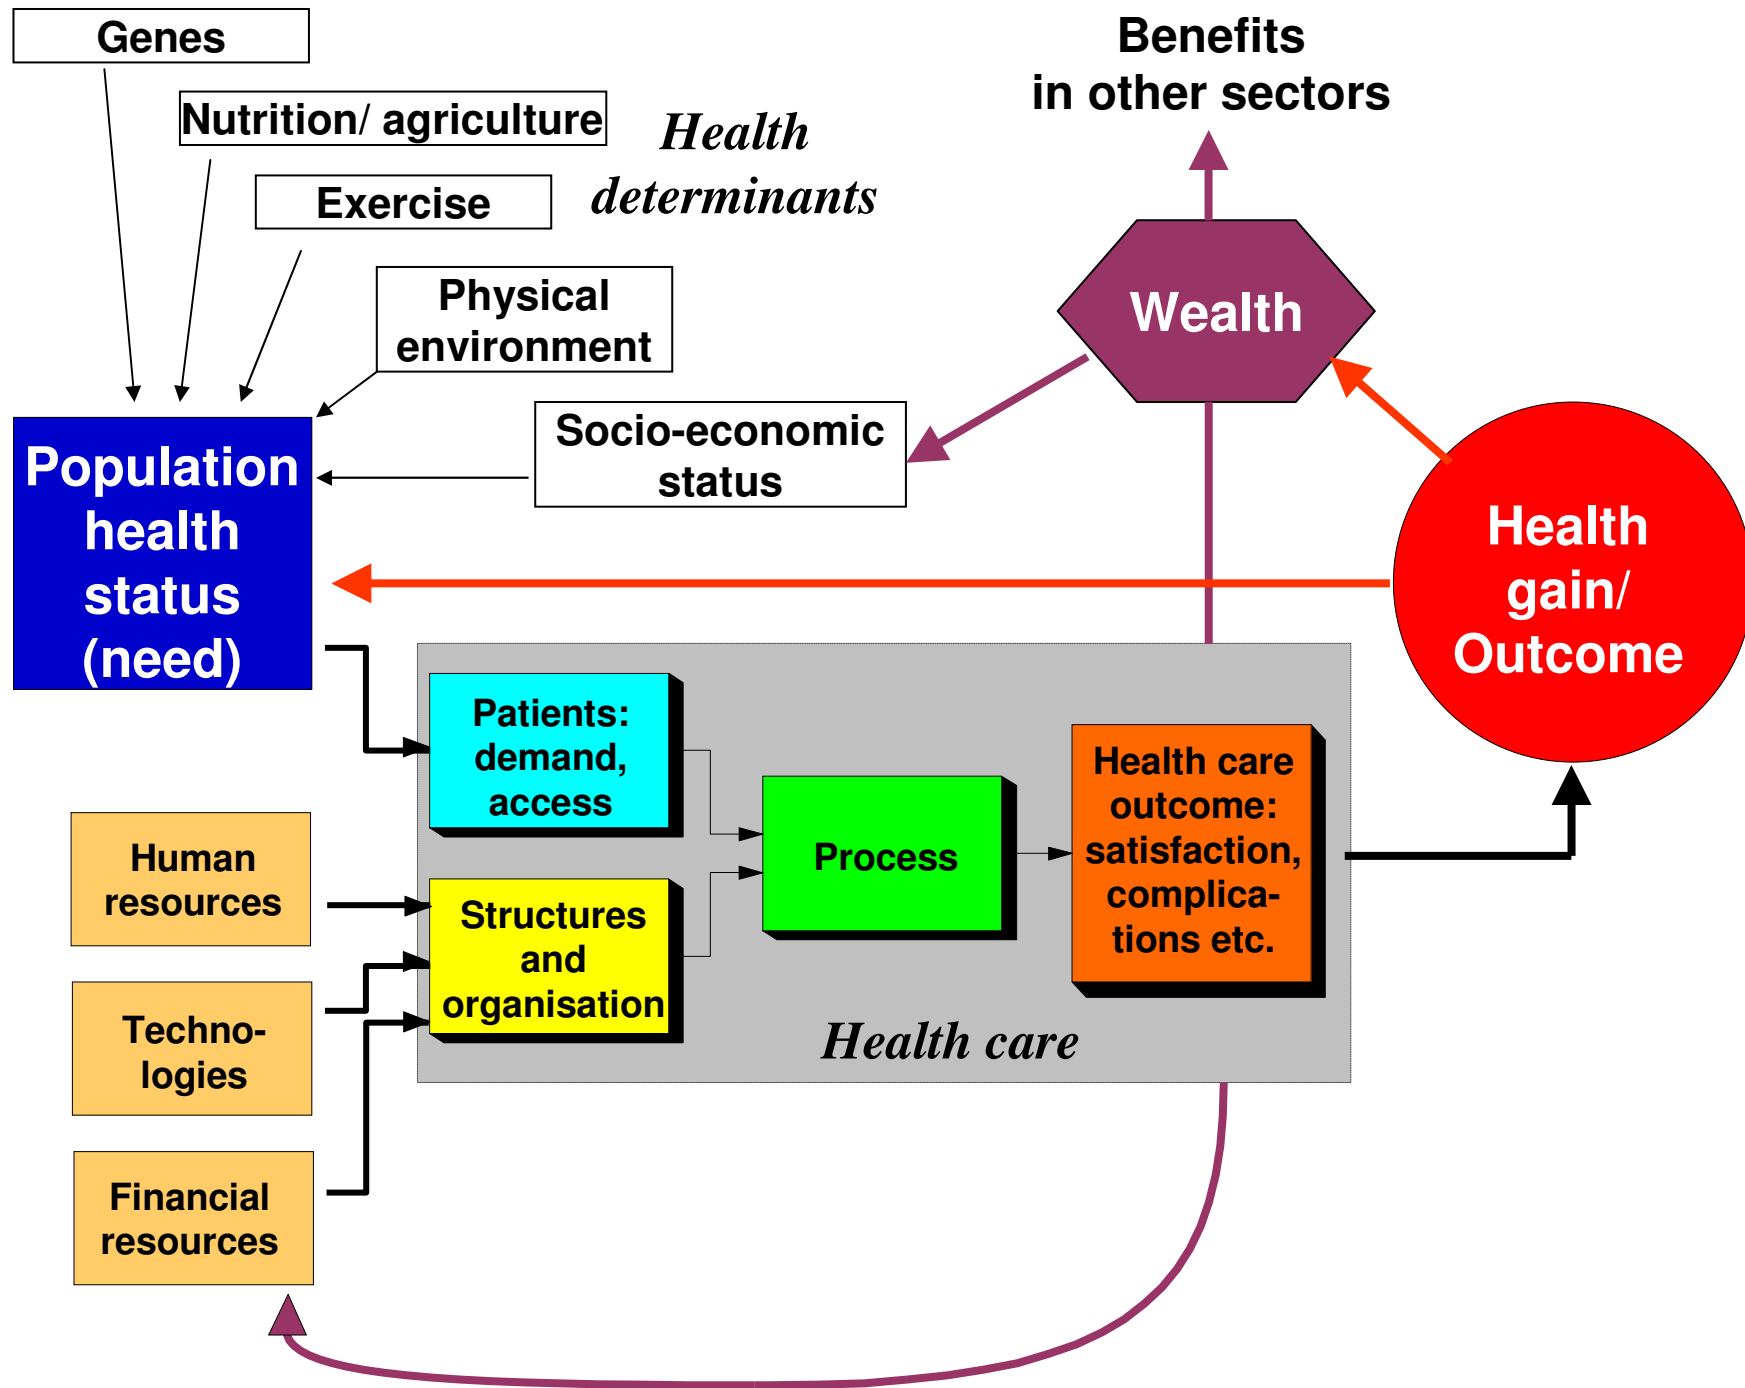

2007 – 27 EU members &  
Debate about health services in EU  
reaches stadium of proposal for  
"Health Services Directive"

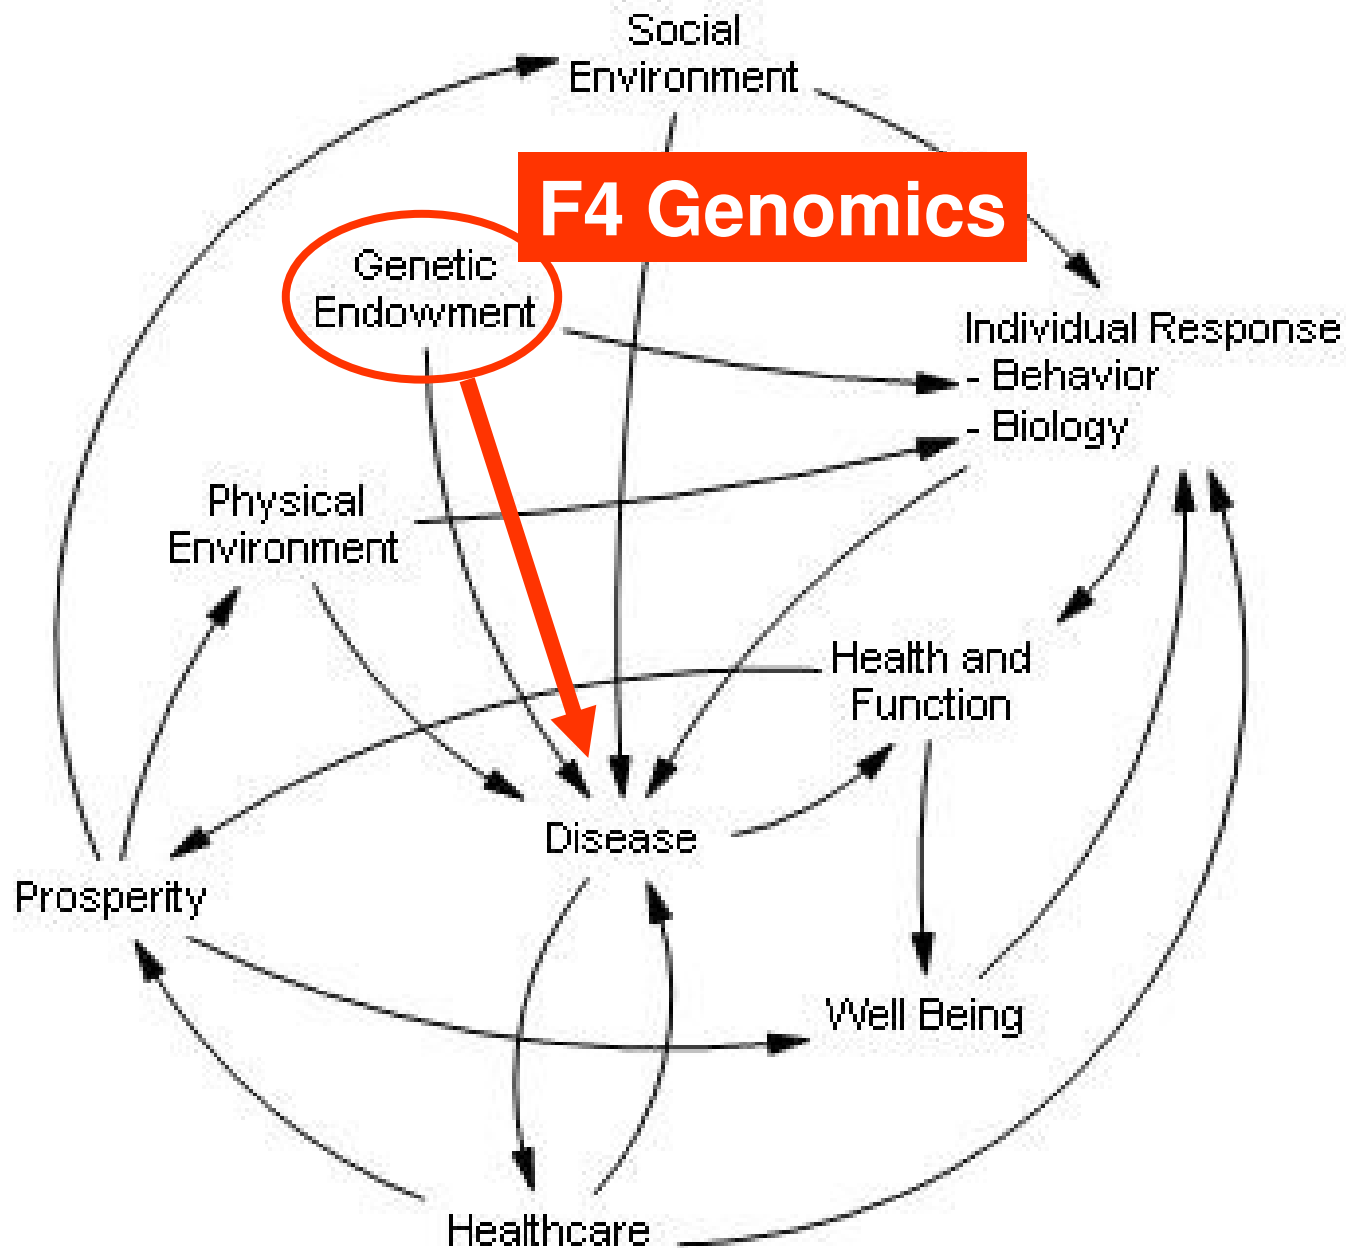

Why not  
included in main  
programme?

# Health, health care and health policy have changed ...

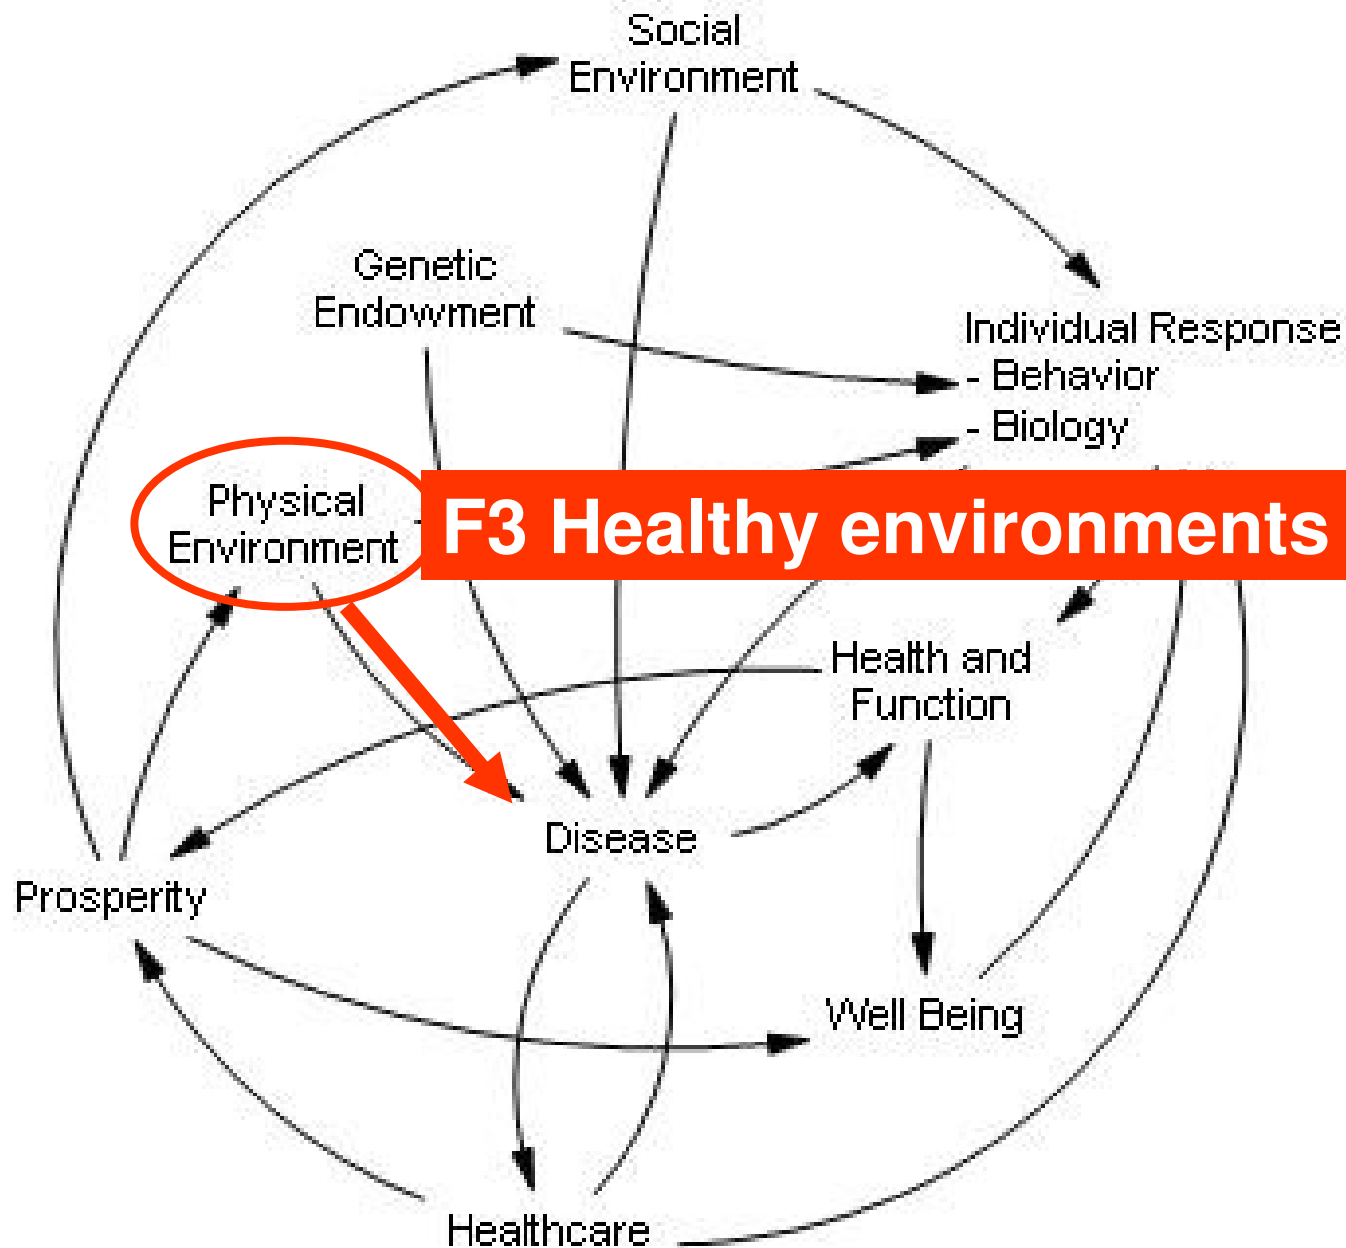

- ... but do we speak the same language?
- Are the issues we discuss in Gastein really new or “only“ reaching new levels of acceptance?
- Where do we stand regarding the topics discussed versus 10 years ago?
- What is the contribution of the individual fora to the overall EU health agenda?
- How will we look back on 2007 in 10 years?
